

A young man and woman are shown in a joyful embrace outdoors. The man is in the foreground, wearing a denim jacket over a grey t-shirt, with his arms outstretched and a wide smile. The woman is behind him, also in a denim jacket, with her arms around his shoulders and a happy expression. They are in a city street with buildings and a bench in the background. The top half of the image is a dark blue overlay with the text.

Protecting What Matters Most

PROTECTION
MATTERS

We believe protection advice should be easily accessible for all, and the process of transferring that advice into something truly beneficial for a client. At Protection Matters, our single aim is to deliver a first-class outcome for your clients and an equally positive and stress-free experience for you.

Who We Are

Protection Matters is here to take the aggravation away from the advisor and provide a very beneficial resource for your business and your clients.

In other words, we will take any lead enquiries for protection and our expert advisors will deal with the whole process, from the advice, right through to the processing and completion of the case.

How Does The Process Work?

- ✓ An advisor (referrer) submits an enquiry form using the online portal by entering client basic details, which then goes directly to our advisor team.
- ✓ Our team will contact the client and act on the instructions given, establish what exactly the client is looking for and find the right solution for them.
- ✓ The Support Team will liaise with the client throughout the process on the advisor's (referrer's) behalf whilst at the same time, keeping them fully updated on progress.
- ✓ Commission will be paid the advisor (referrer) on case completion.
